Predgovor

Izdanje „Bibliografija-2015.“ Kliničke bolnice „Merkur“ je sustavni prikaz znanstveno-istraživačke produkcije akademskih zaposlenika bolnice u 2015.godini. Nastala je kompilacijom podataka iz baze „Hrvatska znanstvena bibliografija - CROSBI“ čiju klasifikaciju slijedi, i bibliografskih jedinica dostavljenih ljubaznošću naših autora.

Trajno unapređivanje i objektivno vrednovanje kvalitete znanstveno-istraživačke produkcije je jedan od ključnih ciljeva Strateškog programa znanstvenih istraživanja Kliničke bolnice Merkur u razdoblju od 2014.-2019.g. Stoga ovo izdanje bibliografije sadrži podatke o čimbeniku odjeka (engl. *impact factor*) i kategorizaciji časopisa u okviru odgovarajuće tematske skupine, sukladno pokazateljima za 2015.g.publikacije Journal Citation Reports baze Science Citation Index Expanded (Thomson Reuters) za sve radove objavljene u časopisima koje indeksira ova ugledna međunarodna znanstvena baza podataka. Nadam se da će oni poslužiti kao poticaj i usmjerenje za buduće znanstveno-istraživačke aktivnosti u našoj ustanovi.

Preface

„Bibliography-2015“, issued by the Merkur University Hospital, is a systematic overview of the scientific-research production of the Hospital's academic staff in 2015. Compiled data and classification system from the Croatian Scientific Bibliography – CROSBI database, as well as references kindly provided by our authors were used for this edition.

Continuous improvement and objective quality evaluation of the scientific-research production is one of the key goals within the Merkur University Hospital's „Strategic program of scientific research in the period 2014-2019“. The present edition of Bibliography therefore contains data on the 2015 Impact factor and journal ranking within respective subject category, as assessed in the annual Journal Citation Reports of the Science Citation Index Expanded scientific database (Thomson Reuters) for all the articles published in journals indexed in this esteemed international scientific database. I hope these data would serve as both incentive and guidance for the future scientific-research activities in our institution.

Zagreb, 20.7.2016.
